

Portland Christian School Athletics Middle School Spring Sport Sign-Ups

Dear Parents and Students,

PCS is excited to offer middle school baseball and softball for PCS students in sixth, seventh and eighth grades. PCS also allows 7th-8th grade students to play on the varsity tennis team. If you have participated before we hope you choose to do so again, and if this will be your first time, welcome! Listed below are the tentative dates for the 2019 season.

Season Info: The week of February 18th we will begin athlete evaluations and practices. Typically, our baseball/softball middle school teams will practice twice a week, with the occasional third practice before games begin. Once games begin, you can expect one or two games each week. We will play in a JCPS league with other area middle school teams. The varsity tennis team will practice three days a week until matches begin, and then have one or two practices and one or two matches each week.

Physicals: A proper physical must be completed and turned in by the time practice begins. The KHSAA requires a specific athletic physical form to be completed prior to practice or play. The physical form can be found on the school website, school office and the KHSAA website. Your pediatrician will be very familiar with this form. If you have already turned in a current physical for a fall sport, you do not need to get another one, but should confirm with the athletic department the date your physical expires. Please note that all four pages of the physical must be completed and turned in to be considered valid and up to date.

Athletic Fee: The middle school athletic fee is \$100 for the spring sports season. Names and phone numbers of registered students will be given to the coaches to contact you when actual practices begin. They will inform you of who they are, as well as times and locations for all events.
